VOTE D66 ON 18 NOVEMBER

D66

Hilversum

Our plan for Hilversum and Wijdemeren

D66 believes everyone deserves a good home, our children and teachers deserve good schools, our streets should be safe for cyclists, our economy should thrive, and we need a clear path towards a sustainable future. That's why we invest in opportunities for everyone. We focus on what is possible. This is how we help all residents of Hilversum and Wijdemeren move forward.

1 A good home for everyone
We're building more future-proof homes for people of all ages, while creating more green spaces and safer streets for cycling and walking.

2 A good education for every child
Our children deserve healthy, modern school buildings. We're accelerating sustainability improvements, renovations and new school construction.

3 A vibrant and enterprising Hilversum
We give entrepreneurs the room to run and grow their businesses. Culture, recreation and events bring colour to our city and villages.

4 A local government you can count on
Reliable local government, sound finances and a clear commitment to sustainability, so we can keep investing in Hilversum's future.

5 A stronger Hilversum for everyone
We want vibrant neighbourhoods and villages where care, essential services and places to meet are always close by.

D66 Het kan wél

What kind of neighbourhood or village would you like to call home? That's why your vote matters. The municipal council makes decisions that affect your everyday life.

D66 shows it can be done. We helped deliver more homes, better education and safer routes for cyclists and pedestrians. Hilversum deserves a municipality that thinks ahead.

On 18 November, we have the opportunity to choose policies that make a real difference. By voting for D66, you can help make positive change happen.

Vote D66 on 18 November.

Jarno Deen
Lead candidate D66 Hilversum
